TRUST THE PROCESS

We always end up
right where we are
supposed to be, right
when we are meant
to be there.

Sometimes we just
need a little time to
recover.

3. Read carefully through this user manual before using the Lumi Recovery Pod MAX.

CUSTOMER SUPPORT 24/7

If you have any questions about setting up or using your Lumi product, please visit our website for further information, faqs, troubleshooting and customer support.

QUICK START GUIDE

ASSEMBLE THE RECOVERY POD MAX

1. Insert the 6x support legs into the 6x holes around the base of your Recovery Pod MAX.
2. Ensure the feet are at the bottom and fully supported on a stable surface.
3. Inflate the Recovery Pod MAX 'Top Ring' and 'Thermo Lid' using the supplied pump.
4. Ensure the pump is fully inserted into the valve and inflate until the rings are smooth.
5. Once inflated, seal the valve on the top ring using the safety cap.
6. Ensure the base drain valve is sealed and hand-tight before filling with water.
7. To empty your Recovery Pod MAX, use the external drain tap with the included hose to empty the water into a nearby sink or drain.
8. Once assembled, you can begin to fill with cold water until roughly 15 cm (6 inches) below the underside of the top ring.

ALL WEATHER COVER
The weather cover is designed as an extra layer to help keep rainwater, dust, and debris out of the Recovery Pod MAX.

THERMO LID
This insulated lid is designed to add a thermal bridge between the ice bath water and the external elements.

INFLATABLE 'TOP RING'
The inflatable top ring is perfect for adding extra comfortable support during an ice bath session.

EASY CLEAN
The Recovery Pod MAX is lined with an easy to clean, UV resistant skin-friendly PVC inner lining.

USAGE & SAFETY NOTES

MAINTENANCE, CLEANING & STORAGE

- Before using your Recovery Pod MAX for the first time, please wash with **warm soapy water**, rinse and wipe down with a clean dry cloth.
- **Never** clean your Recovery Pod MAX with strong bleach-based detergents, as this may degrade the materials and waterproof seals.
- To empty your Recovery Pod MAX, use the drain tap with the included hose into a nearby sink or drain. Take care with the drain tap, don't force it and make sure to turn it to the closed position after use and clean it regularly. We recommend draining, cleaning and drying your Recovery Pod MAX every two to three weeks.

WHEN FILLING WITH WATER

- Your Recovery Pod MAX can be filled with cold or hot water **up to 50°C**. Always start filling with room temperature water, adjusting to your desired temperature as the Restore Pod MAX gets closer to full.
- **Never** fill your Recovery Pod MAX more than $\frac{2}{3}$ full to compensate for your body mass and displacement of water when you enter. It's always best to start $\frac{1}{2}$ full and adjust afterwards.

COLD WATER THERAPY

WARNINGS

FOR YOUR SAFETY

ALWAYS consult your doctor before using an ice bath if you have any health issues!

Children and vulnerable adults must always be supervised when in the vicinity of a water-filled ice bath, and should not enter due to risk of drowning.

DO NOT USE if you are - Under 18 years of age, Pregnant, have history of heart disease or high blood pressure, have diabetes, complications such as neuropathy or retinal damage, you wear a pacemaker, history of frostbite, have an open wound, had recent surgery, epilepsy or any other health concerns or risks.

Using an ice bath dramatically decreases your body core temperature. Immersing yourself in cold water constricts blood vessels and slows the flow of blood around the body, which combined with health complications, can cause your blood pressure to rise and give you a higher chance of cardiac arrest or stroke.

RECOMMENDATIONS

Despite the potential side effects and warnings, using an ice bath correctly actually has **many health benefits!** We will always recommend you begin by spending no more than a few minutes in the ice bath, and slowly working your way up to the recommended time, never push your body beyond its limits.

PRODUCT SPECIFICATIONS

DIMENSIONS
