

PROTEIN PLUS 92%
protein supports muscle growth and maintenance, rich in whey protein

Key benefits long description:

As a competitive athlete you constantly set yourself ambitious goals and don't accept any compromises on the journey to reach them. Recovery, along with energy supply and hydration, is key to reaching your potential. After intense training and gym sessions your muscles need to repair and grow and they need their "building block" of protein for this to happen. PROTEIN PLUS 92% protein powders are a great choice immediately after exercise to deliver premium quality protein, especially rich in quickly absorbed whey protein.

- High quality whey, casein and soy protein including BCAA's (L-Leucine, L-Isoleucine, L-Valine)
- Less than 1.5g carbohydrates per shake
- Low in fat, sugar and lactose
- Free from collagen protein, colours and aspartame
- Delicious taste – great solubility
